good book

This book is preferred by my teacher and has a lot of good information.

Great practice book

My daughter loves this simple, easy-to-follow book for beginning violinists. The book is clear and progresses at just the right pace to challenge but not intimidate.

The books themselves are okay but they are covered in crystallized rosin and the covers are bent. This was so disappointing. , you usually do better than this.

My kid likes this book. It's good for basics, learning initial notes.

Was just the book he needed for school music class at a great price.

Great Product
