Catechism for Young Children: An Introduction to the Shorter Catechism

Solid truth, easy enough for my 5 and 7 year Olds to memorize and understand. My kids love learning their "questions", it's a great tool for our family

Since we use this so much, I do wish it came in hardback, but we are enjoying using it in our family Bible time. I do simplify even more, since I started using it with a one-year-old.

This booklet is meant to be owned by a child and used as he/she learns the questions of the catechism, such as "Who made you? God. What else did God make? God made all things." The wording has been updated from the 1840 Catechism for Young Children by Joseph P. Engels and some pictures are included as well. The preface and note to parents and teachers are helpful tools for thinking through why and how to use the catechism. We started using it in our family when our son began to talk, and it has helped start discussions that I didn't think we'd be having until much later! It's a helpful way to systematically work through different concepts and important truths in language understandable to children.

This is the go-to catechism for children in my denomination (PCA). Great for kids learning the basics when they are young. It's a great resource for Reformed families.

We use this for our children, ages 2 and 4. It is theologically reformed and solid. Sometimes we have to simplify the words even more but it's been a great help in teaching our children the basic categories of biblical Christianity. A brief explanation would help kids at times, and so using it in home schooling or family devotions would work well (we use it for home school). I'm not familiar w/ other ones so I can't compare it, but I'm satisfied with this catechism. It seems to be good for 2 year-olds and up--perhaps ideal for 4-8 years of age.
