Teaching Students Who Are Exceptional, Diverse, And At Risk In The General Education Classroom, Plus MyEducationLab With Enhanced Pearson EText, ... Edition) (What's New In Special Education)

Synopsis

NOTE: Before purchasing, check with your instructor to ensure you select the correct ISBN. Several versions of the MyLab and Mastering platforms exist for each title, and registrations are not transferable. To register for and use MyLab or Mastering, you may also need a Course ID, which your instructor will provide. Used books, rentals, and purchases made outside of Pearson If purchasing or renting from companies other than Pearson, the access codes for MyLab and Mastering products may not be included, may be incorrect, or may be previously redeemed. Check with the seller before completing your purchase. This package includes MyLab Education with the Enhanced Pearson eText and the loose-leaf version Provides the practical tools and strategies teachers need to meet the diverse academic and social needs of all students. Teaching Students Who Are Exceptional, Diverse, and at Risk in the General Education Classroom is the ideal guide for classroom teachers who identify students with special needs as both their greatest challenges and often their greatest rewards. With its numerous learning activities and sample lessons – plus stories from teachers, students, and parents – it strongly focuses on applying practical, proven strategies for effective teaching and learning. The authors go above and beyond simply describing curriculum adaptations by providing step-by-step procedures for implementing those adaptations in the actual classroom. After reading this book, pre- and in-service teachers alike are armed with the tools and confidence they need to effectively meet their students' diverse academic, behavioral, and social needs. Personalize learning with MyLab Education MyLab Education is an online homework, tutorial, and assessment program designed to work with the text to engage students and improve results. Within its structured environment, students see key concepts demonstrated through video clips, practice what they learn, test their understanding, and receive feedback to guide their learning.
