Customer Reviews

Laurie Dewberry is a skilled party planner and interior decorator. She lives in Clermont, Florida

This is a great book for how to make invitations to planning games and favors for your wedding shower. I plan to use some of the ideas in here for my bridal shower. There are 10 themes to choose from such as 12 hour shower (ideas for different times of day), Spa Bridal Shower, 'Tis the Season, Victorian, and Hawaiian theme among others. The author gives you all you need for making invitations, favors, and playing games to go along with the themes in the book. However, I do wish she would have made the invitations into full size patterns (adding that would not have been

hard--just extra pages at the back) instead of having to enlarge the patterns. You'll also like the recipes included in the book. Have fun planning your shower around one of these themes!

outdated, unhelpful, but then again -- i don't know why anyone would buy wedding planning books when we have things like pinterest. pass on this one.

Great book...great ideas. Arrived early and good condition.

This is a fabulous book for showers or just themed party planning. It will come in handy in the future. The pictures are great and the ideas are complete, from menu, to décor to favors! A great find for the crafty. I also bought Wedding Showers by Adams & Russo and loved it too.

Good book- wish I had bought it BEFORE I had gotten my invitations. Not a lot of games, which is what i was really looking for, but a good idea book to get in the initial planning stages.

I have yet to receive my order! will never order again from this user. Its been over a month since I ordered this.

I don't know about you, but most of the bridal shower books I found before this all seemed to have the same old tired stuff. FINALLY someone came up with some beautiful, original ideas! The invitations, favors, and decorations in this book are really very creative and pretty, and most are fairly easy to make. She offers menu ideas, recipes, and activities that go with each party theme. I really liked the way she used color in her themes. I also liked the full-page color photos for each theme, and the step-by step instructions also had a photo for EACH step. Very nicely done! Ms. Dewberry, if you are reading this -- I'd love to see a book on creative BABY showers as well!

I have a better, more comprehensive book on showers. I purchased it as I hosted a bridal shower for a friend and was looking for more information about what I could do to make the event a success. I was not excited about the contents of this book. I'm keeping it as a reference and will look at it again.
