Customer Reviews

I'm already a yugioh master, but I still love to see how to play better.(Note) if anyone wants to challenge me, I'm up for it!!

Very helpful book and reminder how to play the game.

Nothing new to me but perhaps to others. It does carry on advice to new or older players on how your mind set should be regardless of the number of cards on the field. A duel can go either way with the right cards. A bit short but not a bad read.

Great book for a novice that's just getting into the game. Hits all major points a new duelist needs to be aware of.

This was an awesome book. I hope to become a better duelist and have good fun with friends. I deeply thank him for writing this                 

Tells you how to use your Deck strategically               , in my own opinion. You will love it. I'm sure.book 2 review after my first.

Could've Been Longer And A Little Less Specific On The Card Examples But Altogether Very Good And Helpful And Useful
