The Book: A Global History

Synopsis

A concise edition of the highly acclaimed Oxford Companion to the Book, this book features the 51 articles from the Companion plus 3 brand new chapters in one affordable volume. The 54 chapters introduce readers to the fascinating world of book history. Including 21 thematic studies on topics such as writing systems, the ancient and the medieval book, and the economics of print, as well as 33 regional and national histories of 'the book', offering a truly global survey of the book around the world, the Oxford History of the Book is the most comprehensive work of its kind. The three new articles, specially commissioned for this spin-off, cover censorship, copyright and intellectual property, and book history in the Caribbean and Bermuda. All essays are illustrated throughout with reproductions, diagrams, and examples of various typographical features. Beautifully produced and hugely informative, this is a must-have for anyone with an interest in book history and the written word.

Customer Reviews

Excellent coverage of the traditional East Asian book, in China, Korea, and Japan.

A very interesting read on the history of the book. Covers a lot of ground and touches on most of the world.

A master piece of the history of the the book.

Germane to my work

Thanks.

Thank you!

perfect

1,000,000 words about books and each a joy to a bibliophile. A fantastic reference for anyone interested in books and their history
