Football Double Threat (Matt Christopher Sports Fiction)

Synopsis

Rocky Fletcher is being stretched to his limit. Until recently, he'd only played wide receiver for the Pythons. Now his coaches want him to learn the safety position, too—a position that opened up when Bobby, Rocky's best friend, broke his leg. Even though he believes he is to blame for Bobby's injury, Rocky eagerly takes on the challenge of becoming a two-way player. After all, the only other player available is Jared, a sullen boy who switched from soccer to football this season. Yet as time goes on, it's Jared who excels at the position because, thanks to Bobby, Rocky keeps missing practices! What's going on between Rocky and Bobby—and why is Jared on the team when he clearly dislikes football so much? *Football Double Threat* combines the action and excitement of football with relatable issues about envy, loyalty, and friendship.

Customer Reviews

Matt Christopher is the best selling name behind more than 100 sports-themed books for young readers.

My son doesn't like to read much so when I saw him come home with a new book from school I

watched him. He said he loved that book so I decided to buy more, now he is almost done with them so I will buy the set if it keeps him reading.

my 9 year old loved this book and used it for his book report would definitely recommend this book only negative was too much writing on the play by play of the football games

Review by 10 year old boy: This book was about 2 friends who played on the same football team. This book is about friends coming together to form a football team when their injured friend could not play. The boys overcame obstacles to become a team and to become friends. I would recommend this book to kids who play football.

I bought several books for my grandson who needs to practice his reading. He is really into sports and football is his number one favorite right now, so I looked for books with a football or sports theme and ran across the Matt Christopher series, so I got him several. He is reading and enjoying it, and I'm thrilled to help kindle that love of reading in him.

My grandson is very keen on reading about football. I purchased these books, believing he would read them. They are a little too advanced for him now. He will keep them for later.

Classic sports story for boys

My 11 year-old loves these books and they qualify for AR points!

This book got my 9 year old to read. He loved it and asked for more.
