Customer Reviews

The guide is clear and deals with almost any aspect of D&O insurance. I mostly recommend it as a first book for lawyers, underwriters and insurance agents who need more than just the very basic information about how a D&O insurance policy works. The book is written in a very clear language and I mostly recommend it. Very good service. Thank you. Oded

A well-written, clear and comprehensive guide to the common legal claims against officers and directors, along with liability risk management principles and available insurance coverages. Highly recommended for profit and non-profit directors and officers
