"You're in our prayers" has become a cliché, just a nice thing to say when we see someone struggling. But do we really understand the power of prayer? God, God Almighty, God the Creator of the heavens and the earth, God the Beginning and the End, God the Source of all that is, God the Creator of man—this same God, in all His power and all His majesty, stops and listens when you pray. God has given mankind earthly license for heavenly interference. Whether you know it or not, you have the authority to change the world through prayer. When God said, "Let man rule over all the earth," He was arranging the dominion of the world so that the partnership of man was essential for the accomplishment of His purposes. He causes things to happen on earth when men and women are in agreement with His will. Prayer is essential for God's will to be done on earth. Through his unique perspective on this often misunderstood subject, bestselling author Dr. Myles Munroe takes the mystery out of prayer, providing practical

answers for difficult questions about communicating with God. All that God is and all that God has may be received through prayer. Everything you need to fulfill your purpose on earth is available to you through prayer. The biblically based, time tested principles in this book will ignite and transform the way you pray. Be prepared to enter into a new dimension of faith, a deeper revelation of God's love, and a renewed understanding that your prayers can truly move the hand of God.

The teachings in this book was excellent. I really, really enjoyed every page. I gained greater insight into prayer and the final chapter on the call to fast and the correct mindset about fasting made it the dessert after a grand entrée. I would definitely recommend me this book even if you think you know everything about prayer you will gain something from this reading. Enjoy. I plan to read it again.

While seeking God to teach me to pray for many years...even recently hungry for the word and not knowing how to approach my loving and gracious Father...it was imperative that I learn...couldn't think of bringing my carnal prayer to the Holy one...this book is awesome...will study this book until it's engrafted in spirit mind will and emotions to pray for others and myself and most important relationship with my Father...thank you Mr. Monroe...miss you dearly...

This book is necessary if one wants to learn how to pray. Munroe was a great man of God and a

great writer. I would recommend any of his books to those who want to learn about spiritual things.

It is a very good book. If you're not willing to do a little biblical research yourself the book may seem "a bit out there". I'm using it as a step to further my prayer life. It's written in a very understandable format (chapter summaries, principles and items to think about). As long as you lean on God's direction, it's a great help. In conjunction with my foundation and God guiding me, I'm not sure if I would have understood as much as I did.

This book is a must read for every believer. Very well researched bible-based teaching. You can be sure that you are getting more than your money's worth. Know in advance that you'll need to come back and make reference to some of the things you've read. See this book as more of a workbook than a read-through. Worth many more stars!

The book alone is a winner. I have an apreashation for getting an understanding of things that I did not have before. This book is a eye opener for the purpose of man what should be going on in the earth today and from now on. I love the word of God and I will reed this book a few times and I plan to read all of the other books that Dr.Myles Monroe released. So glad I was able to hear him speak before he died.

This is an awesome book about the foundation of any believer in The whole Bible! It's very well researched and communicated in a simple way. Even my pre teens could understand this encyclopedia of prayer.

Arrived in good condition; very good reading material.
