Pete The Cat's Got Class

Synopsis

New York Times bestselling author and artist James Dean brings us a new story about the classiest cat around—Pete! This time Pete teaches us how to add and subtract our way to loving math in *Pete the Cat's Got Class*—which comes complete with a poster, stickers, and a set of 20 punch-out flash cards that teach counting, adding, and subtracting. When Pete's friend Tom has a tough time with math, our favorite blue cat steps in to help him out. With good friends, fun learning tools, and some extra help, it all adds up. Pete the Cat knows you can't hate math—you just don't love it yet! **A**

Pete the Cat loves math. When he sees that his friend Tom is having trouble adding and subtracting, Pete has an idea to make learning fun! But will it all add up when their teacher checks their answers?

James Dean's art has sold in more than ninety galleries and shops across the United States. He has devoted his paintings to Pete the Cat for fifteen years and has turned his natural love for cats into his life's work. James published his first adult book, *The Misadventures of Pete the Cat*, a history of his artwork, in 2006. He illustrated his first self-published

children's book, Pete the Cat: I Love My White Shoes, in 2008, and the follow-up book, Pete the Cat: Rocking in My School Shoes, in 2011. James lives in Savannah, Georgia, with his wife, four cats, and one dog. You can visit him online at www.petethecat.com. My 3 year old loves Pete the Cat and this one was no exception. This book is about math. Pete has a friend who thinks he's no good at math and therefore doesn't like it. Pete helps him find a way to make math fun for him by using things he likes. The book comes with a poster, stickers and flash cards. We haven't taken the flash cards out yet because my daughter doesn't want to "rip the book" so for now, ours are staying intact but I can see how you'd have to be careful when taking them out to not rip the actual book itself. The poster came out easily though! We've read this every night at bedtime since it got here...I don't see that stopping anytime soon!

I bought this book for my 2.5 year old son who is starting pre-k next month. The story was not too long and kept his interest. Pictures were great. The pull out poster and cards were well constructed and added to the story. After a few reads, he was able to repeat parts of the story with me. After this book, I have gone back and purchased more of the same series. Great book for young kids that parents won't mind reading over and over. Not to mention it teaches a good lesson about helping a friend!

My favorite children's writer James Dean keeps children entertained with his fun, catchy books. As a teacher I enjoy reading all of the Pete the Cat books to my younger students!!

We love Pete the Cat books and this was just another awesome book to add to my collection.

My 2.5 year old daughter loves Pete, and this is her new favorite book! We also enjoyed the fold out poster, which is not on her bedroom wall.

My kids absolutely adore Pete the Cat books. Highly recommended from an English teacher- the words are fun to say, the kids learn to read them quickly, and this book includes stickers and a poster. My daughter already has the poster up in her room, and we have had the book for only a few days. I definitely recommend this book.

Cute for the 5 yr old. She is starting kindergarten, so this book was perfect for her. It is all about your first day/moments for Pete the cat in school. It is good for kids who are starting their first year in school, and need some visual idea of what to expect, and that it isn't that scary.
