Book Lust Journal

Synopsis

Many readers have wished for a way to record their thoughts after finishing a book, or to remember their impressions of their book club meeting. Nancy Pearl's Book Lust Journal is the perfect place to do these things and more. Based on the famous bestseller, this conveniently sized journal is a great place for readers to expand their reading experience. The template offers plenty of room for internal discussion to recall favorite passages of books, or to think about how the book they're currently reading reflects their own life. The template also functions as an easy-access reference tool to return to previous entries they have written. A detailed introduction explains how to make the most of the journal, while The Pearl 100 offers informed suggestions on great reads. Additional templates enable readers to record books on their "To Read" list, note book passages to remember, and keep tabs on books lent to friends and family.

"a tour de force that would thrill any list maker. . . . This is one lusty librarian." —Los Angeles Times "Nancy Pearl is the talk of librarian circles." —The New York Times "Nancy Pearl has pretty much become the librarian version of a rock star

Nancy Pearl created the program "If All of Seattle Read the Same Book," which has spread across America. She lectures widely to librarians and book lovers and can be heard on NPR's Morning

Edition. She lives in Seattle.

Perfect for writing synopsis of books you have read. I ordered two books. They came under separate cover about two weeks apart.

This is a great way to keep track of what you have read, especially if you like to recommend books to others. It is also fun to look back and remember past-read books! I give this as a gift to friends who read a lot. They are always anxious to start filling up the pages.

Perfect for listing the books I have and want to read. Checkmark them when read so I don't get confused

Very handy, nice size .

This journal is very useful to take notes as you read. The only problem I found is that the wishlist section is too short. I also could have done without the large book loan section. I don't loan out books unless I don't care if I get them back.

i love this journal. happened on it about 3 years ago and wish i'd thought of the idea of recording books i've read and begun when i started reading as a child. even after just a couple of years it's fun to look back and see what i read and the comments i made about each book. i'm about to run out of space in my first one and went online to buy another one. this journal also includes ms. pearl's suggested reading list. definitely a buy.

Came in good shape.

This was a gift
