## Synopsis

Igbo is the language spoken by the approximately 18 million people of southeastern Nigeria. Although English is Nigeria's official language, four indigenous languages serve as official regional or trade languages: Hausa, Fulani, Yoruba, and Igbo. Igbo is dominant and the trade language of Abia, Anambra, Ebonyi, Enugu, and Imo states in southeastern Nigeria. Igbo consists of 30 dialects, not all of which are mutually intelligible. The standard literary form of the language is a mixture of two dialects: Owerri (from Imo State) and Umuahia (from Abia State). Previously under British rule, Nigeria gained its independence in 1960, forming a confederation of 36 states and 1 federal territory. Each state is divided into Local Government Areas (LGAs); Nigeria has 774 LGAs. The Igbo practice a traditional polytheistic African religion, though many are Christian. This book, produced by Defense Language Institute Foreign Language Center (DLIFLC), provides comprehensive information about Nigeria and the Igbo Culture. Chapter topics include religion, traditions, family life and differences in the lifestyles of urban and rural populations as well as detailed discussion of geography, history and their economy, form of government, society and security and much more. 70 pages; dozens of photos, illustration and charts in full color. This is a Print Replica that maintains the formatting and layout of the original edition and offers many of the advantages of standard Kindle books.
