## Customer Reviews

I have collected a couple of Greek texts on my Kindle for Bible study. This lexicon is a very important part of the study because it has a very easily navigated table of contents that puts you at the word you want fairly quickly. If I come to a word that I don’t recognize, it is easy to find it and get the possible meanings. It isn’t Arndt and Gingrich, but it does give the meanings of the word without philogical history.The fact that this is portable on my Kindle makes it even nicer. I can keep my Language texts on the Kindle and study any time that I have time. The price is right, as well. This will be a nice addition to your Kindle Bible Languages library.

A necessary tool for the serious Bible student.

Just what I needed. I was using Souter's Pocket Lexicon but since I have been travelling overseas this year, this quick Kindle lexicon has been great.Navigation is about as fast as it could possibly be for Kindle. Thanks!

This is by far one of the best products that ive purchased on  in a long time!!! highly suggest it!!

Very Helpful in making sure the bible that I am using is correctly transcribed in the New Testament correctly.

It was a good book.

Indeed I love it

Great lexicon. The best feature is its easy-search capability, which is so rare in Kindle books. I hope other authors/publishers take up this trend. I find it easy to use.
