For over 35 years, School Zone has been an innovator in children's educational products. School Zone creates a wide range of educational resources to support every curriculum.

I love the amount of flash cards that are included for such a reasonable price. My four and five year old are able to practice the words together and then my five year old could read the sentence for reading practice. I love that the box is also a storage container for the cards(some cards do not have that feature and you have to use a rubber-band or hole-punch to keep them all together). Overall, extremely satisfied with this purchase.

GREAT FLASH CARDS FOR TEACHING CHILDREN THAT ARE LEARNING TO READ. MY GRANDSON LOVES THE CHALLENGE AND IS QUITE GOOD AT RECOGNIZING WORDS

QUICKLY. HE HAS A LITTLE BROTHER THAT IS BEGGING HIS MOM TO TEACH HIM TO READ AND I THINK HE WILL BENEFIT GREATLY FROM THESE SIGHT WORDS.

Although the selection of words is good overall, the cards are double sided. This poses two problems. Not only does it make sentence building difficult, but the words on the reverse side are not printed in full color. The price is awesome, but you definitely get what you pay for.

A great set of beginners cards. I bought these to start right away with my baby after all playing and learning is great to start young. I think these will be great for kids about to go to grade K it will prepare them for the site words required.

The hint word for the answer on the other side of the card is the answer itself, not understanding that. It could be me not understanding the point of the cards, but not really sure.

There are better ones out there. It really is bothersome that there are two words on one card.

I gave this to my 18 month old God son and he is able to read the worlds in sentence, now he is a real chatter box at 22 months

Pros:- Large print for easy reading- Colorful pictures- 100 cards = 200 words
Cons:- I just wish that they were a bit sturdier.
