Customer Reviews

I wanted this book to use while I listen to Horowitz's recordings of these amazing compositions, and perhaps learn a movement or two myself:) It is, however, difficult to find a good recording of the first Op. 6 Sonata. The second movement of the Op. 6 Sonata is stunning, but the available recordings are terrible:(

this book is exelent. i have performed the sonata no. 3 a years ago and i wanted to buy this book to study no. 1 and 2. the paper quality is perfect and the text is clear.

great job
