Ms. Marvel Vol. 2: Generation Why (Ms. Marvel Series)

Synopsis

Collects Ms. Marvel (2014) #6-11. Who is the Inventor, and what does he want with the all-new Ms. Marvel and all her friends? Maybe Wolverine can help! If Kamala can stop fan-girling out about meeting her favorite super hero, that is. Then, Kamala crosses paths with Inhumanity -- by meeting the royal dog, Lockjaw! But why is Lockjaw really with Kamala? As Ms. Marvel discovers more about her past, the Inventor continues to threaten her future. Kamala bands together with some unlikely heroes to stop the maniacal villain before he does real damage, but has she taken on more than she can handle? And how much longer can Ms. Marvel's life take over Kamala Khan's? The fan-favorite, critically acclaimed, amazing new series continues as Kamala Khan proves why she's the best (and most adorable) new super hero there is!

Customer Reviews

This series is worth the hype. Kamala is the best teenage comic character since Miles Morales; her motivation seems honest, and she sounds like a teen without the writers trying too hard to be "hip with the kids". The story is a mix of comic-book silliness and serious contemplation about Millennial angst and responsibility; I've bought the paperbacks for my classroom, and would highly

recommend the series for teens and adults alike.

This volume seems to wrap up the Inventor story line pretty nicely (although I've been told that in Vol. 3 he comes back??). Anyway, the ending is really satisfying and so is the journey Wilson takes the reader through to get there. Just the right amount of suspense and tension. I love this series!!

I'm a rabid fan of Ms. Marvel (and G. Willow Wilson). In an era when so many comic books from the big two are striving for a ridiculous level of realism, the stories of Kamala Khan embrace the inherent goofiness (and fun) of being a superhero. Wilson takes Marvel Comics back to the wonderful, core basics that won them millions of fans worldwide--a teenage girl who feels like a social outsider gains fantastic powers that she tries to use for good, even as it overcomplicates her personal life. Teaming up with Wolverine while fighting an evil genius parakeet is just frosting on the cake.

This is a fantastic comic. Highly recommended. I have nearly given up on comics lately because they have become too PC. This is a great new heroine for the new generation.

Great addition to Marvel's lineup. Hope she gets to be MCU soon.

My nephew loves this series!

Loved it. Something for everyone in here. Love how she isn't your typical female super hero with a skimpy super tight outfit and unrealistic body type. I finally got this after reading about its popularity with a wide variety of people and how so many people really liked it after thinking they wouldn't. I'm looking forward to having my daughter (and any subsequent children ;)) read these when older.

This was even better than the first, Kamala is more comfortable in her skin and we learn a little more about her powers. The bit where she works together with Wolverine is hilarious and deserves the 5 stars alone. This is a great addition to the series and, once again, Graphic Audio does a magnificent job of voicing this story. Highly recommended!
