Customer Reviews

ITMB Publishing (International Travel Maps and Books) of Vancouver, Canada, has published detailed reference and travel maps of countries, regions, and cities around the world since 1985. The company's titles include many that are unique or the first of their kind, including the first commercially available travel map of South America.

The older maps (first version, I believe) were printed on tough, near waterproof paper. The newer versions are just standard paper, lack a long life.
