Chicago's 1933-34 World's Fair: A Century Of Progress (IL) (Postcard History Series)

Synopsis

"You will enter A Century of Progress for the first time perhaps like an explorer-curious and eager-penetrating an amazingly rumored domain in search of treasure."-Official Guide Book to the Fair, 1933 One century after Chicago's incorporation, the city hosted the 1933 World's Fair, which was so successful it was held over for 1934. Aptly named "A Century of Progress," the fair confirmed Chicago's emergence as a major American city. Like the phoenix from the ashes, Chicago emerged from its devastating fire of 1871 as one of the most architecturally significant and aesthetically inviting cities in the world. On 424 lakeside acres located on Chicago's near south side, the Fair brought together innovators and inventors from around the world. Chicagoans hosted visitors from all corners of the globe, commemorating human progress, despite the Great Depression that was devastating the nation's economy.

Customer Reviews

Through postcards and ephemera from the Century of Progress World's Fair, this book celebrates the incredible advancements made by industry and the world famous hospitality of the great host city. Author Samantha Gleisten, a writer, researcher, and editor, has the pleasure of calling Chicago "home."

Put on at the height of the depression the world's Fair in Chicago. This fair is not as famous as the 39 fair in New York. Many interesting pictures of the area and the prices charged for many

attractions. Even in this hard time in America the fair was a place to go and forget your troubles for a day or two for millions of people. By the way the fair made a profit after all was said and done. Sadly little or nothing is left from the Fair itself.

Very nice. This will not disappoint. Picture quality is typical of this style of book.

We purchased this book for our daughter who collects Century of Progress memorabilia. She said that she loves it and has learned many facts about the Fair that she had not known before.

This is a fantastic book for people interested in Chicago and its rich history. The author has obviously adopted the city as her own and it shows--- she is an excellent writer and this book is well worth the investment.
