A lot of other adult coloring books aren't done so pretty. I love that this is hilariously crude, but dainty in design. I just like staring at the designs as I color them and find the fusion of sentiments and coloring very therapeutic. Real adult coloring books with the messages you really want to hear are understated and a lot of them are poorly designed. I plan on framing one of these when i'm done. The book is comprised of relatively thin pages, so I would definitely recommend only coloring with pencils, unless you put paper in between the pages to prevent bleeding. Overall, I highly recommend this one and beyond well worth the cheap cost!

It's an ok book. I do like some of the designs but I thought for an Adult coloring book it would have been a little more naughty than what it is. Yes it has a couple curse words but nothing like what I

thought it would have from reading the title. Would not buy again.

I really love this little coloring book! I usually jump around in my books but, I've actually been stuck in this one :) It's one sided paper, which I love! It doesn't bleed through with my gel pens and it's just the right amount of coloring to sit in one evening and finish a picture! Very cool saying and really cool pictures! I'm having a blast with this- I really appreciate this- thank you! :) Super fast delivery and well packaged.

I love this coloring book! I have colored many pictures and hung them at work on the bulletin board. They are funny and bring a smile to my co-workers face! The pages are high quality and are one sided so the picture doesn't bleed through to a picture on the back side. Yes, some are a little off color, but isn't that why I bought it?

Nice drawings and sayings. Definitely can find something to fit my moods.

Most of the words are appropriate for an American audience (I've looked at other similar coloring books and the slang they use is completely lost on me). Seems like the paper is going to be plenty thick. Designs are cute and printed single sided on pages.

I love this coloring book! It has some naughty phrases and some "nice" phrases. I'll definitely be coloring some of these to give to my boyfriend. There are also a few designs with blank ribbons that you can write your own phrases.

Cute book. Paper is rather thin but it's still fine. Love that it's one sided.
