Customer Reviews

McGraw-Hill authors represent the leading experts in their fields and are dedicated to improving the lives, careers, and interests of readers worldwide

Yes, the book is highly informative and very clear on the issues addressed/discussed. I recommend it to others who would want to be more informed about civics related issues.

Excellent

I will give it 4/5 stars because it is hard to understand CIVICS especially if you need to learn things that are for adults-and-up.

Caution, make sure you get the desired edition. I purchased this for my son based on the photo shown. I have now discovered that this photo goes with a newer edition and different ISBN number. What I received was an earlier edition with a star image on the front cover. The edition used at school is one with the Jefferson Memorial on the cover. I should have gone by ISBN numbers rather than rely on photos on .

In Good condition
