# St. Louis: Bridges, Highways, And Roads (Images Of America)

## Synopsis

Every street has a story. From the humblest cul-de-sac to the roaring interstates, the roads tell the stories and reveal the character that make each neighborhood unique. St. Louis was born of the great rivers, so its bridges played a crucial role. Together, the names of the roads tell the history of the child of the rivers that became the Gateway to the West. There are the stories behind the French street names pronounced in a uniquely St. Louis manner, the names purged from the map during World War I, and the histories behind the pioneers, politicians, developers, and everyday people who built St. Louis. Here are also the tragic tales of the epic struggle to bridge the great rivers. These photographs, many never published before, will show it all.

## Book Information

File Size: 40776 KB

Print Length: 131 pages

Page Numbers Source ISBN: 1467124591

Publisher: Arcadia Publishing (December 12, 2016)

Publication Date: December 12, 2016

Sold by: Amazon Digital Services LLC

Language: English

ASIN: B01MSP4B4U

Text-to-Speech: Enabled

X-Ray: Not Enabled

Word Wise: Enabled

Lending: Not Enabled

Screen Reader: Supported
