Customer Reviews

This is a quick read and the Hajime Isayama's continuing layering of conspiracy becomes clearer and clearer. However, some of the conspiracies feel almost a bit forced and the conspiracy behind the female Titan seems a little obvious. I am not quite sure if I like the direction the manga is taking.

great book

So yeah its good eren trying to get his resolve like mind back into place to transform into a titan and

capture annie but failed and annie become or she inside a crystal where she is sleeping waiting to for a chance to awaken. Its a good volume book. But just seen the anime and its still great.

great book

A conclusion to one amazing ark that leads right into a equaling if not more so compelling one. Who are the mysterious titans, find out, one of them, in this amazing issue of Attack on Titan by Hajime Isayama. and a trivia note, this isn't a robot speaking, I just ain't good at speaking myself so i kinda sound like one, sorry folks. I hope my punctuation is okay.

So intense! A showdown happens that have unexpected rises and falls, but leave us with suspension and much to look forward to, as well as questions that arise. Very great volume!The book also came in perfect condition!

This book is one of the books in my favourite manga series Attack on Titan and the item was shipped to me in a very well taken care of state. So i will always enjoy reading this book again and again!

I really love this manga and the anime. The manga continues beyond the anime which I think only covers 2 seasons. I couldn't wait for the next season's anime so I am buying the manga to continue the story. I will still watch the anime because it'll be in color and well it's animated. The soundtrack is really good too!
