The 5-Minute Pediatric Consult (The 5-Minute Consult Series)

Synopsis

The thoroughly updated Fifth Edition of this best-selling reference provides immediate, practical advice on problems seen in infants, children, and adolescents. More than 460 chief complaints and diseases are covered in the fast-access two-page outline format that makes The 5-Minute Consult Series titles so popular among busy clinicians. Other features include a medication index, syndromes glossary, surgical glossary, laboratory values, and tables. The Fifth Edition has new emergency department material including ingestion of caustics, opioids, and "ecstasy-type" drugs. New material on childhood obesity, metabolic syndrome, and probiotics is also included. A brand-new companion Website offers the fully searchable online text, plus selected full-color clinical photographs from Chung/Boom/Datto/Matz, Visual Diagnosis in Pediatrics.

Customer Reviews

This is an awesome reference for pedi. It has easy to read epidemiology, labs, complications, differentials, treatment plans with first-line therapy's according to ages and references.

Very good. Anyone taking a clinical class with peds should have to help aid with SOAPIE notes

This book was recommended to me by my clinical preceptor and has been heaven sent! It gives a quick yet thorough review of diseases in alphabetical order, including labs and follow up. This

worked well for me because I had very little peds experience. I definitely recommend this text. I plan on getting the others for primary care and women's health!

Must have for Peds rotation!!!Great buy!!!

Excellent book for pediatric nurse practitioner clinicals. I use it often and so does my preceptor!

This book was recommended by my physician mentor during my peds rotation. I found it very concise and helpful when formulating differential diagnoses and plans of care.

Perfect Reference ARNP classes/clinicals.

great book for looking up quick references and interpreting my land....happy I got it! everyone who practices in pediatric should have one!
